Find European partners in ECO- CONSTRUCTION

Enterprise Europe South East^{UK} is organising a European Matchmaking event at **Ecobuild**, one of the biggest events in the world for sustainable construction.

Meet new partners from all over Europe in one day!

The matchmaking event aims to initiate business and technology co-operation - such as sales and distribution, license agreements, joint ventures, commercial agreements with technical assistance or European research projects - by offering pre-arranged 30-minute one-to-one meetings.

Thematic focus of the Matchmaking Event

- Sustainable design.
- Progressive and efficiency technologies (Low energy, passive, intelligent, ecological).
- New building material and technologies.
- Systems and equipment using energy from alternative sources (Solar panels, heat pumps, equipment for cooling and recuperation of heat, wind turbines).
- Heating equipment.
- Control and metering equipment.

Sign up now for this
FREE matchmaking event...

It's your opportunity to arrange
1:1 meetings with suitable
technology and commercial
partners from all over Europe
during your visit to the show.

Register at:
www.ecobuild.b2b-match.com

How to participate

You will find an online catalogue with the profile of each participant at:

www.ecobuild.b2b-match.com

Select interesting profiles in the continuously updated on-line catalogue.

Request meetings according to your schedule. If confirmed, a meeting will be booked for you by the organisers.
