II – COMPANY ACTIVITY

Description of your activity:

- Mybee is a Greek company involved in the creation of natural medicated cosmetics based on propolis. Building on the family's tradition of bee keeping and specializing in the production and processing of propolis.
- Propolis is a natural bee product that can guard and protect your health and skin. It is a substance rich in texture and the qualities that are produced by the honeybee.
- Propolis is a natural remedy used extensively in antiquity as an antiseptic and as a wound healing agent. Today it is used in dermatology, surgery, dentistry, otolaryngology, and gynecology as well as in cosmetics creation.

Are your products subject to specific standards? If so, which ones?

Mybee implements accredited control systems of national and international organizations (National Organization for Medicines, CPNP Notification, dermatological tests).
